mo systeme

... sind wir, ein engagiertes Team in Berlin, die sich seit 2004 mit mobilen, modularen Systemen und temporärer Architektur beschäftigen. Wir entwickeln Räume für Markenerlebnisse, für mobile Arbeiten oder Wohnen. Wir bauen Container, die durch jede Tür passen.

In unseren Werkstätten in Berlin arbeiten Architekten, Ingenieure und Techniker mit viel Engagement an der Entwicklung und Fertigung unserer Produkte. An unserer Arbeit ist uns die Qualität in Funktion, Design und Service besonders wichtig.

Auch nach 20 Jahren fließt weiter viel positive und kreative Energie in unser erstes und „größtes“ Produkt modulbox. Wir verschiffen „die Box“ auf alle Kontinente dieser Erde und wenn es mal sehr schnell gehen muss, werden sie auch über den Wolken transportiert.

2004 haben wir die erste modulbox entwickelt und gebaut, seit 2024 sind über 150 dieser mobilen Ausstellungssysteme weltweit unterwegs, und die erste Box ist, wie alle anderen, noch heute im Einsatz.

mo systeme

... this is us, a dedicated team in Berlin who has been dealing with mobile, modular systems and temporary architecture since 2004. We develop spaces for brand experiences, for mobile working or living. We build containers that fit through every door.

In our workshops in Berlin architects, engineers and technicians are working with passion on the design and manufacture process of all our products. To us function, design and service are particularly important.

Even after 20 years a lot of positive and creative energy continues to flow into our first and “biggest” product modulbox. We are shipping “the box” to all continents and if someone is in a hurry, they touch the clouds when being air-shipped.

In 2004 we developed and built the first modulbox, more than 150 of this mobile exhibiting systems are in use worldwide since then and the first box, like all the others, is still in use today.

DANKE

Wir danken unserem heutigen Team,
stellvertretend für alle mo Menschen seit 2004
und allen Unterstützern für ihr Engagement
zur Realisierung so vieler, über den Globus
verteilter, spannender Projekte mit weit über
130 modulboxen.

Rita, Claudia, Sylvestre, Tim, Florian, Dirk, Linh,
Paul, Fabrizio, Janet, Sonja.
Karsten, Matthias, Stefan.
Stephan, Simone, Achim, Michael.
Stefan, Andreas, Alexander, Susanne +
Christian, Ruth + Boris.
Hilde + Walter, Doris + Werner, Betty + Kerstin.

Ganz wichtig für unsere Arbeit und unseren
Erfolg sind die vielen internationalen Partner,
mit denen wir sehr gerne und erfolgreich
zusammenarbeiten.

Andreas Messerli AG (Switzerland),
Highmark Techsystems (USA / Canada),
Chord Event (United Kingdom),
Podium Works (Netherlands),
Brandworks (Sweden),
3e60 (Italy),
Showbox (United Arab Emirates and KSA),
SCAN Display (South Africa),
RD Group (New Zealand),
UNVEIL (Portugal).

THANK YOU

Special thanks to our current team, representing
all mo people since 2004 and all supporters
for their commitment to enable so many
exciting projects with well over 130 modulboxes
distributed across the globe.

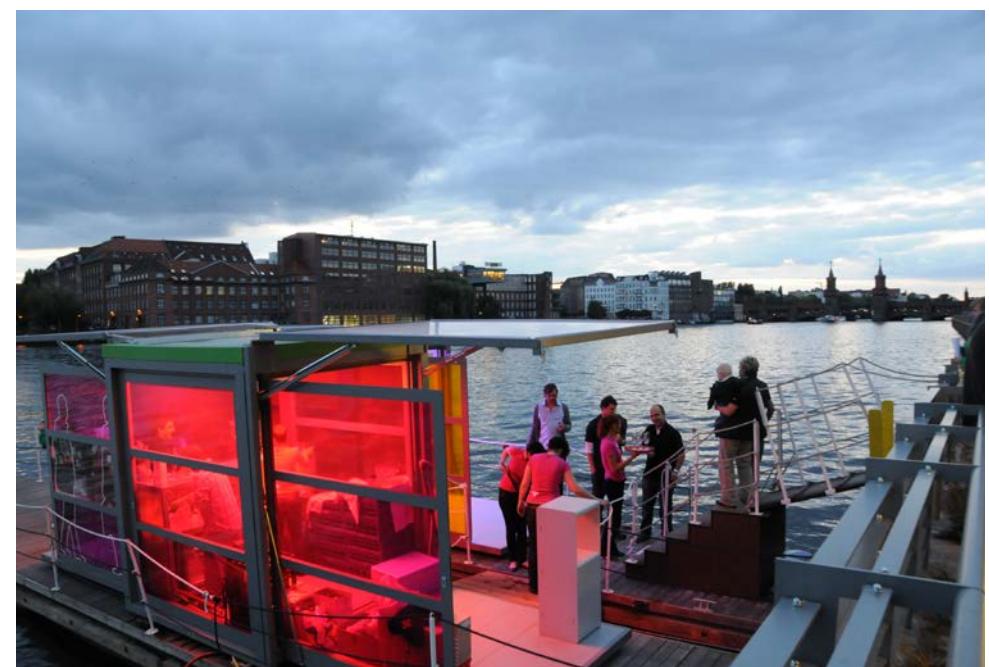

Our international cooperation partners are
very important to us as we enjoy working on
successful projects, learning new cultures and
just having fun together.

WE ARE
THE ARSENAL

The image shows the exterior of a large, historic stone building with two prominent arched windows. In front of the building, there is a red temporary structure with a sign that reads "WE ARE THE ARSENAL". A white ladder leans against this structure. Several people are standing in line, some wearing Arsenal FC jerseys. In the foreground, two young men in Arsenal FC uniforms are playing with soccer balls on a paved area.
